NEWTON NURSERY - 50TH ANNIVERSARY

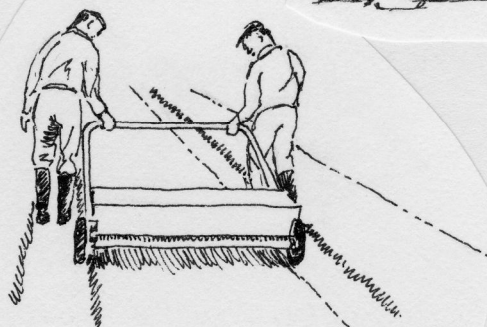

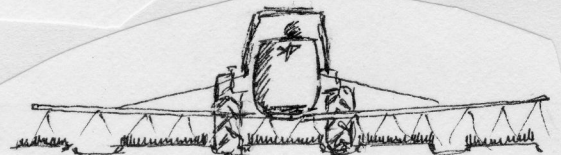

The Forestry Commission's widely acclaimed success in creating a great national forest estate could not have been achieved without the backing of top-class nurserymen.

Newton Nursery was established by men of vision and the consistently high standard of management over the last 50 years has ensured it a special place in the history of the FC. The quality of its plants is famous, its appearance makes it 'a must' for all visitors, and the close co-operation between Research and Management over the years has been exemplary and has contributed in a major way to the improvement of nursery methods.

Warmest congratulations on your 50th Anniversary and I extend our sincere thanks to all Newton staff, past and present, for the fine service you give the Commission.

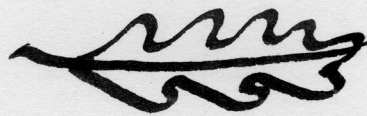

Best wishes for the future.

George Holmes
January 1981
