Pest Sampling Programme.

Thank you for your note about the Aultmore site, I confirm that you will not now require to take samples from this area.

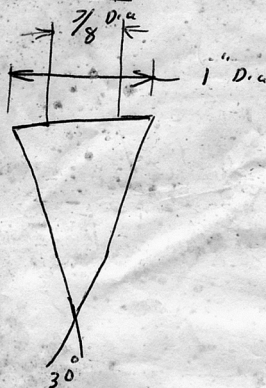

J. Taylor

Penetrometer.

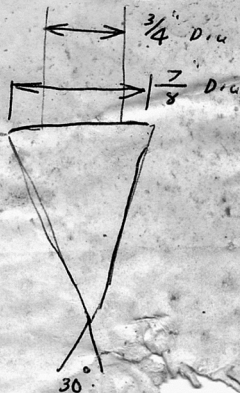

Please find enclosed a set of photographs showing the new penetrometer in use. The packet also contains a sketch of the various point forms which were tried out. Spare points can be provided fairly quickly by A. Holt. When you have had a go, let me know which point type appears to suit best and I shall order some spares.
