Dear Par & Mar:-

Just a line to night altho I wrote you only a short time ago. I received a note from you this noon written Feb. 17- & was glad everything was fine & dandy home.

I have been looking up the ship builders game & I learned that Walter Gray has been appointed inrooling agent for the town of Paris. I also heard

that men employed in a ship yard work exempted from draft.

I wrote Maltby Gray to find out the particulars, & if what I hear is true, I may be at work in a ship yard in Portland. it will all depend on what I hear from him.

I also wrote J. A. Wagner the business agent of my local for particulars & his advise, I can furnish the best of reference & it seems as tho I should be able to get in. of coural that would'nt be exactly at home but a great deal nearer than here.

I don't fear crossing the water at all for they have such wonderful protection while in the war zone.

If I cannot land anything that I want home I shall remain here for a while, I learn that people in the states are looking for the war to finish this summer but we people here can't tell if that way.

No one knows what we will do when June comes, some say we can stay longer if we want to but no one is sure for it's up to the U. S. Government.

We will finish this lot in five or six weeks & then we will

either help the other units or go on another lot by our selves no one know which it will be yet.

The weather is fine & the days are lengthening it is light from 6-30 a. m. until about 7-30 P. M. The trees are beginning to leaf out & it is just like summer.

~~Guess this is all for to night~~

So good by & write when you can.

Sincerely
L. L. C

Dear Pa & Mar.-

Recieved a note from you Friday & was of course glad to learn that every thing was fine & dandy.

We had a big run last week sawing only 112 thousand feet. not a bad run for a portable saw mill any how we still hold the record of the ten units.

I went to Inverness the

sixteenth & staid until the nineteenth. I got my teeth fixed up & had a fine time besides, if realy seemed nice to have a few days in the city, & didn't I hate to return to the jungle again.

I am hoping some & have him up against some good men. I boxed in Bonar Bridge Drill Hall the other night with a Canadian. The hall was packed & I had great luck. I got him in the third round & won a decission.

That slipping dosing intiplay with me & I have decided to stay here as long as things go the way they are now, you need not worry at all about me for I am all right & will be, no matter how long I stay.

During the past week the farmers have been sowing their grain. I dont imagine you have sowed yours yet.

The weather is fine the leaves are beginning to come out & the shubbery is beginning to bud.

will I don't know of any thing more this time so will ring off for a week or two.

Give my love to the boys & their folks, keep a good share for your selves

Yours Sincerely.

L. D. C.
